Your Birthday

Stella

Today, you have been gifted with a marvelous ability to concentrate. No matter what is going on around you, no matter what sort of crisis is in the air, you are able to continue with whatever you are doing, working with just as much will and with just as fervor as when you were surrounded by absolute peace and quiet. Even more exceptionally, you are able to start new projects in the midst of chaos. So long as you are not yourself carried away by your goal, you are able to begin new endeavors almost at will.

You are a naturally affectionate person, but you are also a naturally secretive one. Such a pair of traits often leads to emotional conflict which you generally resolve by indulging in a recognition of affection while at the same time keeping that recognition to yourself. In short, you are inclined to keep your feelings hidden, especially when they fall into the romantic category. Eventually, maturity should teach you how to share such feelings with others without experiencing embarrassment.

You have an inventive mind, but one which is well fortified by a highly developed sense for what is practical. You are not one to indulge a whim — your own or anyone else's. You set yourself a straight line of action in pursuit of them. When you find yourself deviating from that pathway which you believe leads to success, you institute changes in your behavior as quickly as possible.

To find what is in store for you tomorrow, select your birthday and read the corresponding paragraph. Let your birthday star be your daily guide.

* * *

Sunday, Sept. 28

LIBRA (Sept. 26-Oct. 22) — Personal goals and professional ends must not be confused. Allow yourself enough time in life to sort out your various aims in life.

SCORPIO (Oct. 23-Nov. 21) — Separate completely those matters which have to do with home and family from those which have to do with employment. Work at it.

SAGITTARIUS (Nov. 22-Dec. 21) — Concern yourself with those problems which involve the family as a whole. Otherwise, you may make the wrong decision.

CAPRICORN (Dec. 22-Jan. 19) — Make your plans more realistic than heretofore and you should be able to make real progress bringing family members together.

AQUARIUS (Jan. 20-Feb. 18) — Let the neighbors run under their own power for a while. Turn your attention toward matters involving your own family.

PISCES (Feb. 19-March 20) — Morning worship should leave you in an optimistic frame of mind. General cooperation at home follows in afternoon and evening.

ARIES (March 21-April 19) — Take stock of your material assets before making any changes in your method of operations. Rest on your laurels at evening.

TAURUS (April 20-May 20) — Avoid being overactive today, especially during morning hours, when you may be feeling better than you actually are.

GEMINI (May 21-June 20) — Be prepared for change. Quick thinking can save the day as well as the situation if you make your thoughts known.

CANCER (June 21-July 22) — Efficiency is not particularly appreciated on the home front today. Loved ones would far prefer an easing sentimentality.

LEO (July 23-Aug. 22) — Take one thing at a time today and all should go as you wish it. Don't hesitate to ask for whatever help you need.

VIRGO (Aug. 23-Sept. 22) — Deeper meaning for all the hours of the day results from a single hour spent in morning worship.

RANDECK NEEDED IN RED RIVER VALLEY

FARGO, N.D. (AP) — A succession of rain storms, causing up to three feet of flooding on the Red River Valley flood-ground, caused postponement of the six-day fair this summer, for the first time in its 70-year history.

It also caused postponement of Donna Fargo Day in Fargo, Minn. Fargo, a country singer and the second entertainer ever chosen to be honored with a "day" here, was to have sung her first concert in Fargo and been given a key to the city. Peggy Lee has been so honored.

SUPERINTENDENT OF SCHOOLS

of negotiations with the Dover Teachers Association. There were also 8 Regular Meetings and 2 Executive Meetings of the Joint Building Committee for the restoration of the Dover Junior High School. The last two meetings of the Joint Building Committee for the restoration of Sawyer School were held in 1974.

SPECIAL MENTION

At the time this article was being written, Dover's Master Staff Development Plan was at the Department of Education office for final approval. The completed document is the result of commendable cooperation on the part of young persons and adults who wish to continue to improve education in Dover.

Special mention is given to the Dover School Volunteers who provide extra individual attention and caring for children, bring the human resources of the Dover community into the classroom, and serve as extra pairs of hands for classroom teachers. The total hours donated by the Dover School Volunteers was 7,682, which includes service (1,449), training (300), and coordination (689). The library volunteer programs at Garrison, Horse Street, and Woodman Park are pre-dominant. Dover School Volunteers, DSV cooperates with the school librarians but cannot take credit for the fine programs they and their dedicated volunteers have established. Their many hours of service are included here to give a more complete picture of the work done by volunteers in Dover schools.

RECREATION DEPARTMENT

Bernard H. Ryder

The Parks and Recreation Department reports a busy and productive 1974.

SKI conditions improved since '73 and again with the aid of the volunteer ski patrol. Garrison Hill operations ran smoothly. Ski lessons were provided for numerous Dover children free of charge.

Baseball leagues for all ages played at the Rec. Center with a total of six leagues playing in the winter months. Local volleyball, plus free play basketball, and exercise programs were also regular activities throughout the year.

The department added a number of leagues in different ways. Those organizations were North-side Little League, Southside Little League, Dover Babe Ruth, Senior Football, and the Garrison City Soccer Club, as well as the Dover Rugby Club.

The indoor swimming pool was used by over 70,000 during the year. The pool is staffed by two full-time instructors and many part-time instructors and lifeguards. The pool and instructors were made available to the schools in the city as part of their physical education program. Junior and Senior Life Saving classes were given to applicants seeking to be certified. There were over 300 free swimming lessons given by qualified instructors at the Indoor Pool. The annual City-Wide Swim Meet was held in August with over 150 entries. Awards were given to the winners.

The Parks and Recreation Department would like to thank the many volunteers and organizations who assisted the Department throughout the year to make it a successful year for the citizens of Dover.

Respectfully submitted,
Robert Butterfield
Director of Parks and Recreation

CERTIFIED PUBLIC ACCOUNTANTS

June 16, 1975

To the Mayor, Councilmen and City Manager
City of Dover
New Hampshire 03820

Gentlemen:

We have made an examination of the books and records of the City of Dover, New Hampshire, for the year ended December 31, 1974, and have also prepared balance sheets, statements of revenue, appropriations, surplus and various departmental statements.

Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying combined balance sheet, statements of revenue, appropriations, surplus and departmental statements present fairly the financial position of the City of Dover, New Hampshire, at December 31, 1974, and the results of operations for the year then ended in conformity with generally accepted accounting principles for municipalities applied on a consistent basis.

Respectfully submitted,
David L. Connors
Certified Public Accountant
and
JOHN E. RICH & COMPANY

Win At Bridge

The diamond contract. West's hand clearly called for a trump lead, but he opened the ace of spades which gave South all he needed to bring the hand home.

South used a rather standard play. He ruffed the spade, led a trump to dummy's ace and a second trump back to his 10. Then he led the nine of hearts. If West ducked, South would win in dummy, discard his other heart on the king of spades and lose two club tricks.

Actually, West took his ace of hearts and led a low club. South decided to consider possibilities, decided that to play low would be to go down one irrespective of where the ace of clubs was. He played dummy's king and when it held, claimed his contract. He announced that he would discard one club on each of dummy's major-suit kings.

By Oswald & James Jacoby

North and South were playing sound preemptive bids. At least North thought they were. He assumed that South would have a single ace for his three-diamond opening, whereupon he could count on 10 tricks at notrump. Of course, if South did hold an ace a double of four spades was clearly indicated, but North didn't think of that. He wanted the game.

South wanted no part of four notrump and ran to five diamonds. He anticipated a double of four notrump, but that didn't keep West from doubling.

Military News

Two young brothers, Ronald and David Riley, sons of Mr. and Mrs. Ronald N. Riley, of 14 Snow St., Rochester, entered the Air Force this week according to Sergeant Al Richmond at the local Air Force representative.

Ronald and David, who enlisted under the "Buddy System" left for basic military training at Lackland Air Force Base, San Antonio, Texas. Their training will last six weeks before they go on to training for specific jobs. Both young men enlisted for a particular field, Ronald for the integrated avionics component, specialty area and David for the mechanical area.
